01 Brand Overview

Detailing on Demand is a premium mobile car detailing marketplace connecting customers with professional mobile detailers. The brand conveys luxury, trust, and convenience through a refined design language we call "LuxeDetail" -combining deep navy backgrounds with champagne gold accents.

Brand Name	Detailing on Demand
Domain	dtailwash.com
Tagline	Premium Mobile Car Detailing
Hero Copy	Experience Perfection
Languages	English (en) & Spanish (es)
Design Theme	LuxeDetail -Deep Navy & Champagne Gold
Target Audience	Vehicle owners seeking premium mobile detailing

Brand Personality

- > Premium & Luxurious
- > Trustworthy & Professional
- > Modern & Clean
- > Convenient & Accessible

02 Logo Usage

The primary logo is a horizontal wordmark. It should always be displayed with adequate clear space and never be distorted, recolored beyond approved variations, or placed on busy backgrounds without sufficient contrast.

Primary - Dark Background

Secondary - Light Background

Logo Specifications

File	dtailwash_logo_final.png
Hero Size	486 x 130 px (w-auto h-20 sm:h-32)
Secondary Size	365 x 97 px (w-auto h-16 sm:h-20, opacity 70%)
Clear Space	Minimum 20px on all sides
Drop Shadow	Applied via drop-shadow-md on hero placement

03 Color Palette -Dark Mode

The dark mode palette is the primary brand expression. Deep navy tones create depth while champagne gold provides premium accent highlights.

Navy Foundation

			
Deep Navy #131835	Card BG #1A2142	Divider #2C355E	Mobile Nav #0D1229

Gold Accents

			
Champagne #D0B078	Gold Light #EEDCA8	Gold Dark #B59458	Gold Alt #C4A467

Accent & Text

			
Blue Accent #2740A1	Text Secondary #A5B0D1	Text Muted #5E698F	White #FFFFFF

04 Color Palette -Light Mode & Status

Light mode uses clean whites and subtle grays, with the same navy and gold accents maintaining brand consistency across themes.

Light Mode Foundation

				
Background #F5F6F8	Card #FFFFFF	Text Primary #131835	Text Secondary #6E6E73	Divider #E5E5EA

Status Colors

			
Success #34C759	Success Dark #30D158	Error #FF3B30	Error Dark #FF453A

Usage Note

Dark mode is the primary brand expression used across the main site. Light mode is used for admin panels, forms, and content-heavy pages. Always maintain proper contrast ratios (WCAG AA minimum).

05 Typography

Typography pairs elegant serif headings with clean sans-serif body text. This combination reinforces the premium-yet-approachable brand personality.

DISPLAY FONT -HEADINGS

Playfair Display

Google Fonts | Weight: 400-900 | Letter-spacing: -0.02em
ABCDEFGHIJKLMNOPQRSTUVWXYZ abcdefghijklmnopqrstuvwxyz 0123456789

BODY FONT -UI & PARAGRAPHS

Inter

Google Fonts | Weight: 100-900 | Variable font | CSS var: --font-inter
ABCDEFGHIJKLMNOPQRSTUVWXYZ abcdefghijklmnopqrstuvwxyz 0123456789

Type Scale (Recommended)

Element	Font	Size / Weight	Spacing
H1 -Hero	Playfair Display	32px / Bold	-0.02em
H2 -Section	Playfair Display	24px / Bold	-0.02em
H3 -Card Title	Inter	18px / SemiBold	normal
Body	Inter	14-16px / Regular	normal
Caption	Inter	12px / Regular	normal
Button	Inter	14px / SemiBold (600)	normal
Badge	Inter	12px / Bold / Uppercase	tracking-wider

06 Gradients & Effects

Gradients and effects add depth and premium feel. These are used sparingly on interactive elements and key brand moments.

Gold Text Gradient

CSS: linear-gradient(to right, #C4A467, #EEDCA8, #D0B078)
Usage: .text-gold-gradient (heading accents, premium labels)

Button Primary Gradient

CSS: linear-gradient(135deg, #B59458 0%, #D0B078 50%, #B59458 100%)
Usage: .btn-primary (CTA buttons, booking actions)

Glow & Shadow Effects

Gold Glow (hover)	rgba(208, 176, 120, 0.25) - Buttons on hover, active selections
Card Shadow (light)	0 4px 20px rgba(19,24,53,0.05) - Cards in light mode
Card Shadow (dark)	0 4px 24px rgba(0,0,0,0.2) - Cards in dark mode
Glass Surface	rgba(255,255,255,0.03) - Glassmorphism overlays
Backdrop Blur	backdrop-blur-xl - Mobile nav, modals
